

Lima-Paris Action Agenda– Initiative presentation – June 2015

1. Initiative information	
Initiative name	
Lead organisation(s)	
Secretariat contact information (email/telephone)	
Partners and financing organisation(s) (complete list)	
2. Description of initiative	
General description	
Ambition and coherence with 1.5° / 2°C trajectory	
Precise targets and milestones	
Inclusiveness : <i>How many members to date?</i> <i>What geographical area cover to date?</i> <i>What kind of member can join the initiative?</i>	
Capacity to deliver : <i>What is your action plan?</i> <i>Financial support secured and envisaged</i> <i>Can the partners implement the action plan by themselves?(no need for external partners)</i>	
Monitoring : <i>What is in place / envisaged?</i>	
3. Expected deliverables and announcements for COP21	
a) Quantitative information (e.g. tCO _{2e} GHG reduction; # of cities committed;# action plans in place); and/or	
b) Qualitative information (e.g. how initiative builds capacity or creates the conditions for climate action).	
Baseline <i>What was the level of impact/commitment of the initiative at the time of the 2014 Climate Summit (if relevant)?</i>	
Current status <i>What is the current level of impact/commitment of the initiative? What have you achieved since the 2014 Climate Summit (if relevant)?</i>	
Expected outcome for COP21 <i>What are your expected commitments for the initiative by COP21?</i> <i>What is your aspirational target of impact? (quantifiable/qualitative)?</i> <i>(include geographic coverage)</i>	
Future expectations <i>What is your aspirational target or “dream” level of impact/commitment beyond COP21?</i> <i>How do you consider the scaling-up potential of the initiative?</i>
