The Lima-Paris Action Agenda (LPAA)

Briefing on the occasion of ADP 2.10

31th August, 2015 – 4th September, 2015
LPAA – Events in Paris (1/3)

• A High-Level Meeting on Climate Action = Action Day (Plenary room in the Blue Zone)
  – On Saturday, December 5th, in the blue zone in one of the plenaries
  – High-level participation with key leaders.
  – It should shed a light on the leaders of the future world that is emerging

• A serie of LPAA thematic Focuses (in the Blue Zone) that:
  – will reflect the major commitments by action area
  – should reflect the magnitude of the mobilisation and action
  – provide a clear narrative (from science to action)
  – will include the mobilisation of the private sector as well as the cities and subnationals.
LPAA – Events in Paris (2/3)
‘LPAA Focuses’

12 action areas will be represented in Paris over 2 weeks (1 Dec. – 8 Dec.)

*Other partners will be included in the future.*
How to join?

**States**: States are engaging by...

- **Joining** or partnering with initiatives, either to get some support for accelerated domestic action or to bring national expertise and assistance.

- **Encouraging** domestic non-state actors to take individual commitments or join networks and existing initiatives.

- **Launching** new initiatives.

- **Working** with sub-national actors in a vertically integrated approach.
**LPAA – Join the LPAA (2/5)**

How to join?

**Sub-national actors:** Sub-national actors are engaging by...

→ **Committing** to GHG reductions, climate planning, climate resilience or taking sectoral commitments;

→ **Joining** large-scale cooperative and multi-stakeholder initiatives;

→ **Setting up** new partnerships;

→ **Working** with States in a vertically integrated approach.
LPAA – Join the LPAA (3/5)

How to join?

Civil society – IIPP – Youth...: Civil society is engaging by...

→ Committing to GHG reductions, enhance climate resilience;

→ Joining large-scale cooperative and multi-stakeholder initiatives;

→ Setting up new partnerships;

→ Working with States in an integrated approach.
**LPAA – Join the LPAA (4/5)**

**How to join?**

**Businesses:** Businesses are engaging by...

- **Committing** to industry or sector wide collaboration and plans.
  - **Greening** their manufacturing, production and/or supply chains;
  - Large-scale *cooperative* and multi-stakeholder initiatives;
  - Defining sectoral 2050 *roadmap*

- **Taking individual corporate commitments** that will increase efficiency, reduce GHG emissions or increase resilience; and mainstream climate change in their strategies and governance;

- **Actively supporting** the implementation of internal and public policies for combating climate change and developing low-carbon economies.

02-09-2015
There are several criteria for an initiative to be included in the LPAA. It must:

• **Be cooperative, be inclusive, open and regionally balance.**

• **Be ambitious:** short and long term quantifiable targets – transformative actions guided by a 2°C and resilient pathway.

• **Be science based:** Address a concrete impact of climate change mitigation or adaptation issues to get us on a resilient and below 2°C pathway.

• **Have the capacity to deliver.** Ability to directly deliver and implement commitments.

• **Showcase implementation** of existing commitments (sufficient level of maturity in Paris)

• **Follow-up and report.** Ready to report on implementation.
Communication and Mobilization for Paris (1/3)
LPAA potential announcements

What?

- Progress and new commitments of existing initiatives (New York Summit 2014)
- Announcements on the way forward to accelerate action
- New coalitions and individual commitments

LPAA potential announcements:

- 100 companies part of the Energy Efficiency Accelerators Platform
- 100 countries commissioning in cities from municipal solid waste
- Reduction of STCP emitting to 50 by 50
- New large RE Coalitions in pre-2020
- New RE financial institutions part of the Energy Efficiency Accelerators Platform
- New RE vehicle fuel efficiency
- 100 new commitments for the CCAC Green Freight
- New geothermal systems
- Phase-out of inefficient boilers
- Net deforestation on supply chain of agricultural commodities
- Phasing down HFCs

What?
Communication and Mobilization for Paris (2/3)
Implementation

**How ?**

- **International media coverage**: TV and press journalists from around the world
- **Great mobilization of the social networks**
- **Empowerment of the LPAA Focus’ leaders to communicate** through an agreed communication plan

**When ?**

- **During the ‘LPAA sequence’** (Thematic Focuses + Action Day) – 30th November to 8th December
- **From now and after the COP21**, commitments should be displayed on NAZCA/ LPAA website.
### NAZCA = Non-State Actor Zone for Climate Action:

Launched in Lima, the NAZCA portal aims at highlighting the scale of individual commitments by non-State actors and cooperative action involving both state and non state actors.

The platform collects, showcases and tracks progress.

NAZCA displays the stakeholders commitments uploaded from data partners.

### LPAA pages:

Provides information on the LPAA along the year and in Paris and further details to showcase LPAA labelled initiatives.

The registered initiatives are assessed according to criteria of the LPAA.

The website is under construction and will be released in the coming weeks.
LPAA – Lessons learned and way forward

• High-level leadership of the process is needed,

• A dedicated support team is essential: to track, coordinate, trigger, engage, and support initiatives.

• Clearly established governance – it may take 1-3 years for initiatives to ramp-up and deliver. Useful to have had the 4 Partners to ensure complementary perspectives and roles.

• General principles and minimum scrutiny are necessary to ensure robustness and credibility to the process.

➢ How to keep the dynamic after Paris?

➢ How could the technical examination process of the Workstream 2 harvest the energy of the LPAA to improve its work after Paris?
Thank you!
